Hi Reen,

I am in receipt of the conference invitation. Chuck has a store manager meeting and I am committed to a several meetings down here. Would not attending the conference hurt our chances of securing this business?

Joe

Subject: Vehicle Maintenance Contract Pre-Bid Conference

The Pre-Bid Conference is currently scheduled for Thursday, July 7, 2011. Purchasing was notified today by Firestone that they cannot attend that day. Their earliest availability is next week, July 11 - 13. Tuesday, July 12 is the bid opening for the 3rd floor project. Purchasing proposed re-scheduling for Wednesday, July 13. Any thoughts?

Reen.

I will be attending the pre bid meeting with Chuck Bowles. The process your folks are presenting will not work with our National Account program because of the reasons we discussed at our meeting last month. Those issues are: the contract, the time frame, and several other caveates in the language.

My question is: will there be any private discussion time to address these issues at the meeting? Is there any flexibility in the process or contract?

We run our pricing from March 1st thru the last day of February. While we never make wholesale changes year over year, we do make some adjustments. (ie a dime on a quart of oil).

If there is no flexibability, Chuck could bill it on store books but we could lose some of the "clean billing" we discussed due to the human factor.

Please let me know what you think.

Thanks,
Joe Dimick
